ANNEX I DESCRIPTION OF THE ACTION

ARTICLE I.1 – SCOPE AND OBJECTIVES OF THE ACTION

The main objective of the Action is to prepare, test and deploy the cross-border Patient Summary and ePrescription and operate a National Contact Point for eHealth (NCPeH) in Hungary, taking into account the already existing national infrastructure. The NCPeH, endorsed by the eHealth Network, will manage Hungary's eHealth services.

Specifically, Hungary intends to implement both the cross-border Patient Summary and ePrescription in the first quarter of 2019. The two services will be provided both as country of affiliation/prescription (Country A) and country of treatment/dispensation (Country B).

The beneficiary, ÁEEK (the national Healthcare Service Center), is mandated by the Ministry of Human Capacities (the Ministry responsible for health) to ensure the seamless provision of cross border service within the national eHealth system (EESZT).

This Action will allow Hungary to broaden the level of care provided to European citizens visiting the country, in line with the Directive 2011/24/EU, as well as to better support Hungarian citizens' health information needs while travelling to European countries.

ARTICLE I.2 – LOCATION OF THE ACTION

- I.2.1 Member State(s): Hungary
- I.2.2 EEA country(ies): not applicable
- I.2.3 Third country(ies): not applicable

ARTICLE I.3 – ACTIVITIES

I.3.1 Activities timetable

Activity number	Activity title	Indicative start date	Indicative end date	Milestone number
1	Preparation and Implementation	01/01/2017	31/01/2019	1, 5
2	Service Testing, Approval and Deployment	01/08/2018	31/01/2019	4
3	Dissemination, Training and Support, Governance and Management activity	01/01/2017	31/12/2019	2, 3, 6

I.3.2 Activities description

Activity 1: Preparation and Implementation

The main objective of this activity is to design a national deployment plan and perform national preparatory and implementing activities towards provision of cross-border eHealth services.

The National Contact Point for eHealth (NCPeH) will be implemented as a module of the already available national infrastructure (the EESZT).

This activity will be broken down into the following tasks:

T1.1 Plan and monitor progress towards service operation

This task will comprise the following steps:

- Definition of the detailed preparation and implementation plan;
- Adoption and localisation of the monitoring tools, in line with the other Member States in the Cross-Border eHealth Information System (CBeHIS);
- Monitoring of the overall progress.

T1.2 - Design national architecture

The aim of this activity is to design the architecture of the Hungarian NCPeH. The activity will take into account the following specificities of the Hungarian eHealth environment:

- The EESZT is a nation-wide system, therefore Portal-B (and epSOS-Web) is not needed, as health care professionals will use their usual IT environment.
- The functionalities of several modules (e.g. TRC-STIS, Audit Repository, TSAM) are already provided by the EESZT. Using (and possibly extending) EESZT's components for the NCPeH will reduce risks and costs during the development and maintenance of the system. However, some components of the OpenNCP (e.g. protocol terminators, TSL-Sync, TSL-Editor) could be used during the implementation of the Hungarian NCPeH.

T1.3 - Establish organisational requirements and procedures

The organisational procedures, put in place during the previous epSOS project, will be revised and extended in line with the eHealth Network (eHN) Organisational Framework. Roles, procedures and tasks will be identified and assigned to the specific actors, including the involvement of relevant institutions.

This task will be mainly carried out by the team responsible for EESZT at AEEK. The technical infrastructure support will be subcontracted.

T1.4 - Establish legal, security and privacy requirements and procedures

The EESZT has the necessary legal basis and the privacy procedures have already been established. Due to cross-border data access, the legal regulations, the privacy procedures and maybe even the security policies of EESZT have to be modified (lowered).

Since the EESZT system ensures maximum security (according to L./2013 Act on Electronic Information Security of Governmental and Municipal Bodies), only the creation of epSOS circle of trust is necessary. All the other security requirements are already met. A Temporary Legal Agreement (TLA) or bi-lateral agreements with the other Member State will be prepared in case the eHealth Network does not adopt the new Multilateral Legal Agreement in time for the operation of the services.

T1.5 - Assure semantic interoperability of Patient Summary (PS) and ePrescription (eP)

This task will consist in the:

- Creation of transformation rules between epSOS Clinical Document Architecture (CDA) Level 3 documents and the corresponding EESZT documents;
- Review of the Master ValueSet Catalogue (MVC) translation performed in the phase 2 of

the epSOS project;

- Creation of transcoding tables from the relevant national coding systems into the epSOS ones.

T1.6 - NCP implementation, integration and deployment

This task will comprise the following steps:

- Implementation of the custom NCP gateway, purchased from an EESZT solution provider;
- Integration of the NCP gateway into the EESZT, performed by the developer;
- Deployment of the test NCP gateway module, performed by AEEK.

T1.7 - Perform unit and integration testing

Detailed test procedures and acceptance criteria for security, system availability and safety will be prepared. Acceptance criteria will be classified as critical, essential and marginal, determining the action taken to correct them.

The unit tests will be performed before integrating the NCP gateway into the EESZT. The module will be deployed into the User Acceptance Testing (UAT) environment of EESZT to perform the Pre-production Testing (PPT) according to the Testing Strategy agreed in the OpenNCP Community.

The integration and testing process will be repeated every time a new version is released.

Activity 2: Service Testing, Approval and Deployment

The purpose of this activity is to test (nationally and internationally), to audit and provide evidence of the Hungary's readiness level towards the provision of services.

This activity will be broken down into the following tasks:

T2.1 - Perform testing to assure quality of the service provision

Pre-production conformance tests will be performed and documented in order to be admitted to the Projectathon conformance and clinical testing (in compliance with the Conformance Gate defined in the epSOS project).

The User Acceptance Testing (UAT) environment of EESZT will be used to ensure compliance with the same security requirements as for the operational environment.

T2.2 - Undergo pre-production testing and Projectathon

The Hungarian NCPeH will register for the 2018 Projectathon, for both the Patient Summary (PS) and ePrescription (eP) services. End-to-end functional testing will be performed by clinical experts.

T2.3 - Perform security audit

According to the process indicated in the Joint Action supporting the eHealth Network (JAsEHN) organisational Guidelines, the internal audit, focusing on legal, organisational and security aspects, will be performed to provide evidence of fulfilment of the requirements set by the Multilateral Legal Agreement and the organisational guidelines.

The audit results will be provided to the eHealth Network (or other designated body) to approve the Member State to enter operation with the cross-border eHealth services.

Applying the security rules, the security audit will be repeated by external accredited auditors, six months after the start of the operational services.

T2.4 - Prepare country readiness approval processes

Objective evidence of the technical and semantic readiness (through the Projectathon test results), as well as the legal, organisational and security readiness (through the internal audit results) will be provided to the eHealth Network (or other designated body), in order to get the formal authorisation to start the cross-border eHealth services.

T2.5 - Service deployment

The task will allow for bringing into the operational environment all the technical, semantic and organisational components requested to provide the cross-border eHealth services.

The main steps to be performed are:

- Deployment of the NCP gateway into the LIVE environment of EESZT;
- Deployment of the security assets for the operational gateway;
- Connection and configuration of the gateway toward the Central Configuration Services and the synchronization of the Local Terminology Service.

T2.6 – Non-regression testing

When the services have been deployed, the tests for non-regression will be performed.

These tests will be repeated as last action after the installation of minor and major releases of the NCP gateway.

Activity 3: Dissemination, Training and Support, Governance and Management activity

The aim of dissemination, training and support is to raise awareness among citizens and health professionals in Hungary regarding the provision of cross-border eHealth services.

The activity will put in place and make use of different communication channels:

- Project content management system;
- Project web portal, co-ordinated with the portals of the other Member States;
- On-line training tools;
- Social media and web channels.

The overall communication strategy will be defined and as far as possible aligned with the other Member States' strategies.

Tasks of this activity:

T3.1 Stakeholder engagement including health professional dissemination, education and training

To ensure proper stakeholder engagement, overall strategies and action roadmap will be agreed with the other Member States and implemented according to national specificities. The goal of these actions is to stimulate the triggering of the specific initiatives toward health professionals and citizens.

The following Hungarian professional bodies will be targeted:

- Medical Chamber;
- Pharmacists Chamber;
- Hungarian Hospital Association
- Medicina2000 (Association of Polyclinics);
- Chamber of Allied Health Professionals.

Also, specific communication and educational sessions will be organized in order to inform and train the health professionals using cross-border services.

The training will not be limited to teach how to use the system but also to learn about the differences among the Member States' approaches, e.g. consent management, way of creating

the Patient Summaries and clinical implications of these differences.

Dissemination of project achievements will be carried out through various channels, such as:

- Project website health professionals (and for the public as well);
- Conferences and meetings;
- Specially organised press conferences;
- eLearning material.

T3.3 Citizen and end-users dissemination and motivation

Citizens would be made aware of their rights about cross-border care and about the availability of eHealth cross-border services (both in the home and in the visited countries). The communication strategy for the citizens will be elaborated in close cooperation with the National Center for Patients' Rights and Documentation (OBDK), appointed National Contact Point under Directive 2011/24 to ensure adequate exchange of information on cross-border health care. Specific mass communication and focused actions towards tourists, students and business travellers will be designed and put in place (information materials, internet campaign, etc.)

At the same time, dedicated workshops will be held for the end users of the system (physicians, pharmacists) in the framework of mandatory specialised training to upgrade skills for health professionals.

T3.4: Training of helpdesk personnel

Training to the helpdesk team of EESZT on cross-border services will be provided.

T3.5: Support to developers

A manual with the specifications of the NCP interface will be created and provided to all health information system developers as a confidential document.

With regard to the governance and management of the national activities, the aim is to establish the link and the binding channel between Hungary, the eHealth DSI and other Member States providing the services, as well as to establish the appropriate national management structure to assure the provision of cross-border eHealth services.

This will be achieved through the following tasks:

T3.6 Acting and reporting according to the governance model of the eHealth DSI

Hungary will participate and act according to the procedures defined by the eHealth DSI governance model. It will comply with the instructions and requests of the eHealth Operational Management Board (eHOMB) and eHealth Member State Expert Group (eHMSEG). It will also adopt the eHealth Network decisions regarding policies, guidelines and the approval to enter in operation with the eHealth cross-border services.

T3.7 Management of national activities

Hungary will establish a national governance and management structure that guarantees the execution of the proposed plan (deployment, operation, dissemination and support), as well as to ensure the existence of the relevant skills and competences that lead to a successful deployment strategy adjusted to national specificities.

Hungary will identify the person responsible for at least the following roles of the NCPeH: Organisation; Contact person; Technical responsible; Security responsible; Help desk responsible; Help desk responsible.

The beneficiaries shall have the right of recourse at any time to the European Data Protection Supervisor.

II.6.2 Processing of personal data by the beneficiaries

Where the Agreement requires the processing of personal data by the beneficiaries, the beneficiaries may act only under the supervision of the data controller identified in Article 6.1, in particular with regard to the purpose of the processing, the categories of data which may be processed, the recipients of the data and the means by which the data subject may exercise his or her rights.

The access to data that the beneficiaries grant to their personnel shall be limited to the extent strictly necessary for the implementation, management and monitoring of the Agreement.

The beneficiaries undertake to adopt appropriate technical and organisational security measures having regard to the risks inherent in the processing and to the nature of the personal data concerned, in order to:

- (a) prevent any unauthorised person from gaining access to computer systems processing personal data, and especially:
 - (i) unauthorised reading, copying, alteration or removal of storage media;
 - (ii) unauthorised data input as well as any unauthorised disclosure, alteration or erasure of stored personal data;
 - (iii) unauthorised persons from using data-processing systems by means of data transmission facilities;

- (b) ensure that authorised users of a data-processing system can access only the personal data to which their access right refers;
- (c) record which personal data have been communicated, when and to whom;
- (d) ensure that personal data being processed on behalf of third parties can be processed only in the manner prescribed by the Agency;
- (e) ensure that, during communication of personal data and transport of storage media, the data cannot be read, copied or erased without authorisation;
- (f) design their organisational structure in such a way that it meets data protection requirements.

ARTICLE II.7 – VISIBILITY OF UNION FUNDING

II.7.1 Information on Union funding and use of European Union emblem

Unless the Agency requests or agrees otherwise, any communication or publication related to the action, made by the beneficiaries jointly or individually, including at conferences, seminars or in any information or promotional materials (such as brochures, leaflets, posters, presentations, etc.), shall indicate that the action has received funding from the Union and shall display the European Union emblem.

When displayed in association with another logo, the European Union emblem must have appropriate prominence.

The obligation to display the European Union emblem does not confer to the beneficiaries a right of exclusive use. The beneficiaries shall not appropriate the European Union emblem or any similar trademark or logo, either by registration or by any other means.

For the purposes of the first, second and third subparagraphs and under the conditions specified therein, the beneficiaries are exempted from the obligation to obtain prior permission from the Agency to use the European Union emblem.

II.7.2 Disclaimers excluding Agency responsibility

Any communication or publication related to the action, made by the beneficiaries jointly or individually in any form and using any means, shall indicate that it reflects only the author's view and that the Agency is not responsible for any use that may be made of the information it contains.

ARTICLE II.8 – PRE-EXISTING RIGHTS AND OWNERSHIP AND USE OF THE RESULTS (INCLUDING INTELLECTUAL AND INDUSTRIAL PROPERTY RIGHTS)

II.8.1 Ownership of the results by the beneficiaries

Unless stipulated otherwise in the Agreement, ownership of the results of the action, including industrial and intellectual property rights, and of the reports and other documents relating to it, shall be vested in the beneficiaries.

II.8.2 Pre-existing industrial and intellectual property rights

Where industrial and intellectual property rights, including rights of third parties, exist prior to the conclusion of the Agreement, the beneficiaries shall establish a list which shall specify all rights of ownership and use of the pre-existing industrial and intellectual property rights and disclose it to the Agency at the latest before the commencement of implementation.

The beneficiaries shall ensure that they or their affiliated entities have all the rights to use any pre-existing industrial and intellectual property rights during the implementation of the Agreement.

II.8.3 Rights of use of the results and of pre-existing rights by the Agency

Without prejudice to Articles II.1.1, II.3 and II.8.1, the beneficiaries grant the Agency the right to use the results of the action for the following purposes:

- (a) use for its own purposes, and in particular, making available to persons working for the Agency, Union institutions, other Union agencies and bodies and to Member States' institutions, as well as copying and reproducing in whole or in part and in unlimited number of copies;

- (c) translation;
- (d) giving access upon individual requests without the right to reproduce or exploit, as provided for by Regulation (EC) No 1049/2001 of the European Parliament and of the Council of 30 May 2001 regarding public access to European Parliament, Council and Commission documents;

- (f) archiving in line with the document management rules applicable to the Agency;
- (g) rights to authorise or sub-licence the modes of exploitation set out in points (b) and (c) to third parties.

Additional rights of use for the Agency may be provided for in the Special Conditions.

The beneficiaries shall warrant that the Agency has the right to use any pre-existing industrial and intellectual property rights, which have been included in the results of the action. Unless

specified otherwise in the Special Conditions, those pre-existing rights shall be used for the same purposes and under the same conditions applicable to the rights of use of the results of the action.

ARTICLE II.9 – AWARD OF CONTRACTS NECESSARY FOR THE IMPLEMENTATION OF THE ACTION

II.9.1 Where the implementation of the action requires the procurement of goods, works or services, the beneficiaries shall award the contract to the tender offering best value for money or, as appropriate, to the tender offering the lowest price. In doing so, they shall avoid any conflict of interests.

The beneficiaries shall ensure that the Agency, the Commission, the European Anti-Fraud Office (OLAF) and the European Court of Auditors may exercise their rights under Article II.27 also towards the contractor.

II.9.2 Beneficiaries acting in their capacity of contracting authorities within the meaning of Directive 2004/18/EC of the European Parliament and of the Council of 31 March 2004 on the coordination of procedures for the award of public work contracts, public supply contracts and public service contracts or contracting entities within the meaning of Directive 2004/17/EC of the European Parliament and of the Council of 31 March 2004 coordinating the procurement procedures of entities operating in the water, energy, transport and postal services sectors shall abide by the applicable national public procurement rules.

II.9.4 The beneficiaries shall ensure that the conditions applicable to them under Articles II.3, II.4, II.5 and II.8 are also applicable to the contractor.

II.9.5 Where, in accordance with Article 3(a), the grant takes the form of the reimbursement of eligible costs:

- If a beneficiary breaches any of its obligations under Article II.9.1, the costs related to the contract concerned shall be ineligible;
- If a beneficiary breaches any of its obligations under Article II.9.2, II.9.3 or II.9.4, the grant may be reduced in proportion to the seriousness of the breach of obligations.

Where, in accordance with Article 3(b), (c) or (d) the grant takes the form of a unit, lump sum or flat-rate contribution, if a beneficiary breaches any of its obligations under Article II.9.1, II.9.2, II.9.3 or II.9.4, the grant may be reduced in proportion to the seriousness of the breach of obligations.

ARTICLE II.10 – SUBCONTRACTING OF TASKS FORMING PART OF THE ACTION

II.10.1 A "subcontract" is a procurement contract within the meaning of Article II.9, which covers the implementation by a third party of tasks forming part of the action as described in Annex I.

II.10.2 Beneficiaries may subcontract tasks forming part of the action, provided that, in addition to the conditions specified in Article II.9.1, the following conditions are complied with:

- (a) subcontracting only covers the implementation of a limited part of the action;
- (b) recourse to subcontracting is justified having regard to the nature of the action and what is necessary for its implementation;
- (c) the estimated costs of the subcontracting are clearly identifiable in the estimated budget set out in Annex III;
- (d) any recourse to subcontracting, if not provided for in Annex I, is communicated by the coordinator and approved by the Agency without prejudice to Article II.12.2.

II.10.3 Beneficiaries acting in their capacity of contracting authorities within the meaning of Directive 2004/18/EC of the European Parliament and of the Council of 31 March 2004 on the coordination of procedures for the award of public work contracts, public supply contracts and public service contracts or contracting entities within the meaning of Directive 2004/17/EC of the European Parliament and of the Council of 31 March 2004 coordinating the procurement procedures of entities operating in the water, energy, transport and postal services sectors shall abide by the applicable national public procurement rules.

II.10.4 The beneficiaries shall retain sole responsibility for carrying out the action and for compliance with the provisions of the Agreement. The beneficiaries shall ensure that any subcontract contains provisions stipulating that the subcontractor has no rights vis-à-vis the Agency under the Agreement.

II.10.5 The beneficiaries shall ensure that the conditions applicable to them under Articles II.3, II.4, II.5, II.7 and II.8 are also applicable to the subcontractor.

II.10.6 Where, in accordance with Article 3(a), the grant takes the form of the reimbursement of eligible costs:

- If a beneficiary breaches any of its obligations under Article II.10.2, the costs

related to the subcontract concerned shall be ineligible;

- If a beneficiary breaches any of its obligations under Article II.10.3, II.10.4 or II.10.5, the grant may be reduced in proportion to the seriousness of the breach of obligations.

Where, in accordance with Article 3(b), (c) or (d) the grant takes the form of a unit, lump sum or flat-rate contribution if a beneficiary breaches any of its obligations under Article II.10.2, II.10.3, II.10.4 or II.10.5, the grant may be reduced in proportion to the seriousness of the breach of obligations.

ARTICLE II.11 - FINANCIAL SUPPORT TO THIRD PARTIES

II.11.1 Where the implementation of the action requires giving financial support to third parties, the beneficiaries shall give such financial support in accordance with the conditions specified in Annex I, which shall at least contain:

- (a) the maximum amount of financial support, which shall not exceed EUR 60 000 for each third party except where the financial support is the primary aim of the action as specified in Annex I;
- (b) the criteria for determining the exact amount of the financial support;
- (c) the different types of activity that may receive financial support, on the basis of a fixed list;
- (d) the definition of the persons or categories of persons which may receive financial support;
- (e) the criteria for giving the financial support.

The beneficiaries shall ensure that the Agency, the Commission, the European Anti-Fraud Office (OLAF) and the European Court of Auditors may exercise their rights under Article II.27 also towards the third parties receiving financial support.

II.11.2 By way of derogation from Article II.11.1, in case the financial support takes the form of a prize, the beneficiaries shall give such financial support in accordance with the conditions specified in Annex I, which shall at least contain:

- (a) the conditions for participation;
- (b) the award criteria;
- (c) the amount of the prize;
- (d) the payment arrangements.

The beneficiaries shall ensure that the Agency, the Commission, the European Anti-Fraud Office (OLAF) and the European Court of Auditors may exercise their rights

under Article II.27 also towards the third parties receiving a prize.

II.11.3 The beneficiaries shall ensure that the conditions applicable to them under Articles II.3, II.4, II.5, II.7 and II.8 are also applicable to the third parties receiving financial support.

II.11.4 Where, in accordance with Article 3(a), the grant takes the form of the reimbursement of eligible costs:

- If a beneficiary breaches any of its obligations under Article II.11.1 or II.11.2, the costs related to the financial support shall be ineligible;
- If a beneficiary breaches any of its obligations under Article II.11.3, the grant may be reduced in proportion to the seriousness of the breach of obligations.

Where, in accordance with Article 3(b), (c) or (d) the grant takes the form of a unit, lump sum or flat-rate contribution if a beneficiary breaches any of its obligations under Article II.11.1 II.11.2 or II.11.3, the grant may be reduced in proportion to the seriousness of the breach of obligations.

ARTICLE II.12 – AMENDMENTS TO THE AGREEMENT

II.12.1 Any amendment to the Agreement shall be made in writing.

II.12.2 An amendment may not have the purpose or the effect of making changes to the Agreement which would call into question the decision awarding the grant or be contrary to the equal treatment of applicants.

II.12.3 Any request for amendment shall be duly justified and shall be sent to the other party in due time before it is due to take effect, and in any case three months before the end of the period set out in Article 2.2, except in cases duly substantiated by the party requesting the amendment and accepted by the other party.

II.12.4 A request for amendment shall be jointly submitted by all the beneficiaries or shall be submitted by a beneficiary acting on behalf of all beneficiaries.

II.12.5 Amendments shall enter into force on the date on which the last party signs or on the date of approval of the request for amendment.

Amendments shall take effect on a date agreed by the parties or, in the absence of such an agreed date, on the date on which the amendment enters into force.

ARTICLE II.13 – ASSIGNMENT OF CLAIMS FOR PAYMENTS TO THIRD PARTIES

II.13.1 Claims for payments of the beneficiaries against the Agency may not be assigned to third parties, except in duly justified cases where the situation warrants it.

The assignment shall only be enforceable against the Agency if it has accepted the

assignment on the basis of a written and reasoned request to that effect made by the beneficiary requesting the assignment.

In the absence of such an acceptance, or in the event of failure to observe the terms thereof, the assignment shall have no effect on the Agency.

II.13.2 In no circumstances shall such an assignment release the beneficiaries from their obligations towards the Agency.

ARTICLE II.14 – FORCE MAJEURE

II.14.1 "*Force majeure*" shall mean any unforeseeable exceptional situation or event beyond the parties' control, which prevents either of them from fulfilling any of their obligations under the Agreement, which was not attributable to error or negligence on their part or on the part of subcontractors, affiliated entities, implementing bodies or third parties involved in the implementation and which proves to be inevitable in spite of exercising all due diligence. Any default of a service, defect in equipment or material or delays in making them available, unless they stem directly from a relevant case of force majeure, as well as labour disputes, strikes or financial difficulties cannot be invoked as *force majeure*.

II.14.2 A party faced with *force majeure* shall formally notify the other party without delay, stating the nature, likely duration and foreseeable effects.

II.14.3 The parties shall take the necessary measures to limit any damage due to *force majeure*. They shall do their best to resume the implementation of the action as soon as possible.

II.14.4 The party faced with *force majeure* shall not be held to be in breach of its obligations under the Agreement if it has been prevented from fulfilling them by *force majeure*.

ARTICLE II.15 – SUSPENSION OF THE IMPLEMENTATION OF THE ACTION

II.15.1 Suspension of the implementation by the beneficiaries

The beneficiaries, acting jointly, or a beneficiary, acting on behalf of all beneficiaries, may suspend the implementation of the action or any part thereof, if exceptional circumstances make such implementation impossible or excessively difficult, in particular in the event of *force majeure*. The beneficiaries, acting jointly, or a beneficiary, acting on behalf of all beneficiaries, shall inform the Agency without delay, giving all the necessary reasons and details and the foreseeable date of resumption.

Unless the Agreement or the participation of a beneficiary is terminated in accordance with Articles II.16.1, II.16.2 or points (c) or (d) of Article II.16.3.1, the beneficiaries acting jointly, or a beneficiary, acting on behalf of all beneficiaries, shall, once the circumstances allow resuming the implementation of the action, inform the Agency immediately and present a request for amendment of the Agreement as provided for in Article II.15.3.

II.15.2 Suspension of the implementation by the Agency

II.15.2.1 The Agency may suspend the implementation of the action or any part thereof:

- (a) if the Agency has evidence that a beneficiary has committed substantial errors, irregularities or fraud in the award procedure or in the implementation of the Agreement or if a beneficiary fails to comply with its obligations under the Agreement;
- (b) if the Agency has evidence that a beneficiary has committed systemic or recurrent errors, irregularities, fraud or breach of obligations under other grants funded by the Union or the European Atomic Energy Community which were awarded to that beneficiary under similar conditions, provided that those errors, irregularities, fraud or breach of obligations have a material impact on this grant;
- (c) if the Agency suspects substantial errors, irregularities, fraud or breach of obligations committed by a beneficiary in the award procedure or in the implementation of the Agreement and needs to verify whether they have actually occurred; or
- (d) following an evaluation of the progress of the project, in particular in the event of major delays in the implementation of the action.

II.15.2.2 Before suspending the implementation the Agency shall formally notify all the beneficiaries of its intention to suspend, specifying the reasons thereof, and, in the cases referred to in points (a), (b) and (d) of Article II.15.2.1, the necessary conditions for resuming the implementation. The beneficiaries shall be invited to submit observations within 30 calendar days from receipt of this notification.

If, after examination of the observations submitted by the beneficiaries, the Agency decides to stop the suspension procedure, it shall formally notify all the beneficiaries thereof.

If no observations have been submitted or if, despite the observations submitted by the beneficiaries, the Agency decides to pursue the suspension procedure, it may suspend the implementation by formally notifying all the beneficiaries thereof, specifying the reasons for the suspension and, in the cases referred to in points (a), (b) and (d) of Article II.15.2.1, the definitive conditions for resuming the implementation or, in the case referred to in point (c) of Article II.15.2.1, the indicative date of completion of the necessary verification.

The suspension shall take effect five calendar days after the receipt of the notification by the beneficiaries or on a later date, where the notification so provides.

In order to resume the implementation, the beneficiaries shall endeavour to meet the notified conditions as soon as possible and shall inform the Agency of any progress made in this respect.

Unless the Agreement or the participation of a beneficiary is terminated in accordance with Articles II.16.1, II.16.2 or points (c), (i), (j) or (k) of Article II.16.3.1, the Agency shall, as soon as it considers that the conditions for resuming the implementation have been met or the necessary verification, including on-the-spot checks, has been carried out, formally notify all the beneficiaries thereof and invite them to present a request for amendment of the Agreement as provided for in Article II.15.3.

II.15.3 Effects of the suspension

If the implementation of the action can be resumed and the Agreement is not terminated, an amendment to the Agreement shall be made in accordance with Article II.12 in order to establish the date on which the action shall be resumed, to extend the duration of the action and to make any other modifications that may be necessary to adapt the action to the new implementing conditions.

The suspension is deemed lifted as from the date of resumption of the action agreed by the parties in accordance with the first subparagraph. Such a date may be before the date on which the amendment enters into force.

Any costs incurred by the beneficiaries, during the period of suspension, for the implementation of the suspended action or the suspended part thereof, shall not be reimbursed or covered by the grant.

The right of the Agency to suspend the implementation is without prejudice to its right to terminate the Agreement or the participation of a beneficiary in accordance with Article II.16.3 and its right to reduce the grant or recover amounts unduly paid in accordance with Articles II.25.4 and II.26.

Neither party shall be entitled to claim compensation on account of a suspension by the other party.

ARTICLE II.16 – TERMINATION OF THE AGREEMENT

II.16.1 Termination of the Agreement by the beneficiaries

In duly justified cases, the beneficiaries, acting jointly, or a beneficiary, acting on behalf of all beneficiaries, may terminate the Agreement by formally notifying the Agency thereof, stating clearly the reasons and specifying the date on which the termination shall take effect. The notification shall be sent before the termination is due to take effect.

If no reasons are given or if the Agency considers that the reasons exposed cannot justify the termination, it shall formally notify all the beneficiaries, specifying the grounds thereof, and the Agreement shall be deemed to have been terminated improperly, with the consequences set out in the fourth subparagraph of Article II.16.4.1.

II.16.2 Termination of the participation of one or more beneficiaries by the beneficiaries

In duly justified cases, the participation of any one or several beneficiaries in the Agreement may be terminated by that beneficiary or those beneficiaries, or by another beneficiary acting on behalf of the other beneficiaries. When notifying such termination to the Agency, the beneficiary or beneficiaries shall include the reasons for the termination of the participation, the date on which the termination shall take effect, the proposal of the remaining beneficiaries relating to the reallocation of the tasks of that beneficiary or those beneficiaries or, where relevant, to the nomination of one or more replacements which shall succeed that beneficiary or those beneficiaries in all their rights and obligations under the Agreement, and, if notification is made by another beneficiary, the opinion of the beneficiary or beneficiaries the participation of which is terminated. The notification shall be sent before the termination is due to take effect.

If no reasons are given or if the Agency considers that the reasons exposed cannot justify the termination, it shall formally notify all the beneficiaries, specifying the grounds thereof, and the participation shall be deemed to have been terminated improperly, with the consequences set out in the fourth subparagraph of Article II.16.4.1.

Without prejudice to Article II.12.2, an amendment to the Agreement shall be made, in order to introduce the necessary modifications.

II.16.3 Termination of the Agreement or the participation of one or more beneficiaries by the Agency

II.16.3.1 The Agency may decide to terminate the Agreement or the participation of any one or several beneficiaries participating in the action, in the following circumstances:

- (a) if a change to the beneficiary's legal, financial, technical, organisational or ownership situation is likely to affect the implementation of the Agreement substantially or calls into question the decision to award the grant;
- (b) if, following the termination of the participation of any one or several beneficiaries, the necessary modifications to the Agreement would call into question the decision awarding the grant or would result in unequal treatment of applicants;
- (c) if the beneficiaries do not implement the action as specified in Annex I or if a beneficiary fails to comply with another substantial obligation incumbent on it under the terms of the Agreement;
- (d) in the event of *force majeure*, notified in accordance with Article II.14, or in the event of suspension by the coordinator as a result of exceptional circumstances, notified in accordance with Article II.15, where resuming the implementation is impossible or where the necessary modifications to the Agreement would call into question the decision awarding the grant or would result in unequal treatment of applicants;
- (e) if a beneficiary is declared bankrupt, is being wound up, is having its affairs administered by the courts, has entered into an arrangement with creditors,

has suspended business activities, is the subject of any other similar proceedings concerning those matters, or is in an analogous situation arising from a similar procedure provided for in national legislation or regulations;

- (f) if a beneficiary or any related person, as defined in the second subparagraph, have been found guilty of professional misconduct proven by any means;
- (g) if a beneficiary is not in compliance with its obligations relating to the payment of social security contributions or the payment of taxes in accordance with the legal provisions of the country in which it is established or in which the action is implemented;
- (h) if the Agency has evidence that a beneficiary or any related person, as defined in the second subparagraph, have committed fraud, corruption, or are involved in a criminal organisation, money laundering or any other illegal activity detrimental to the Union's financial interests;
- (i) if the Agency has evidence that a beneficiary or any related person, as defined in the second subparagraph, have committed substantial errors, irregularities or fraud in the award procedure or in the implementation of the Agreement, including in the event of submission of false information or failure to submit required information in order to obtain the grant provided for in the Agreement;
- (j) if the Agency has evidence that a beneficiary has committed systemic or recurrent errors, irregularities, fraud or breach of obligations under other grants funded by the Union or the European Atomic Energy Community which were awarded to that beneficiary under similar conditions, provided that those errors, irregularities, fraud or breach of obligations have a material impact on this grant;
- (k) following an evaluation of the progress of the project, in particular in the event of major delays in the implementation of the action;
- (l) if the action has not started within two years of the starting date set out in Article 2.2 or, for grants for studies, if the action has not started within one year of the starting date set out in Article 2.2.

For the purposes of points (l), (h) and (i), "any related person" shall mean any natural person who has the power to represent the beneficiary or to take decisions on its behalf.

II.16.3.2 Before terminating the Agreement or the participation of any one or several beneficiaries, the Agency shall formally notify all the beneficiaries of its intention to terminate, specifying the reasons thereof and inviting the beneficiaries, acting jointly, or one beneficiary, acting on behalf of all beneficiaries, within 45 calendar days from receipt of the notification, to submit observations and, in the case of

point (c) of Article II.16.3.1, to inform the Agency about the measures taken to ensure that the beneficiaries continue to fulfil their obligations under the Agreement.

If, after examination of the observations submitted by the beneficiaries, the Agency decides to stop the termination procedure, it shall formally notify all the beneficiaries thereof.

If no observations have been submitted or if, despite the observations submitted by the beneficiaries, the Agency decides to pursue the termination procedure, it may terminate the Agreement or the participation of any one or several beneficiaries by formally notifying all the beneficiaries thereof, specifying the reasons for the termination.

In the cases referred to in points (a), (b), (c), (e), (g) and (k) of Article II.16.3.1, the formal notification shall specify the date on which the termination takes effect. In the cases referred to in points (c), (f), (h), (i), (j) and (l) of Article II.16.3.1, the termination shall take effect on the day following the date on which the formal notification was received by the beneficiaries.

II.16.4 Effects of termination

II.16.4.1 Where the Agreement is terminated, payments by the Agency shall be limited to the amount determined in accordance with Article II.25 on the basis of the eligible costs incurred by the beneficiaries and the actual level of implementation of the action on the date when the termination takes effect. Costs relating to current commitments, which are not due for execution until after the termination, shall not be taken into account. The beneficiaries shall have 60 days from the date when the termination of the Agreement takes effect, as provided for in Articles II.16.1 and II.16.3.2, to produce a request for payment of the balance in accordance with Article II.23.2. If no request for payment of the balance is received within this time limit, the Agency shall not reimburse or cover any costs which are not included in a financial statement approved by it or which are not justified in a technical report approved by it. In accordance with Article II.26, the Agency shall recover any amount already paid, if its use is not substantiated by the technical reports and, where applicable, by the financial statements approved by the Agency.

Where the participation of a beneficiary is terminated, the beneficiary concerned shall have 60 days from the date when the termination of its participation takes effect to submit to the Agency a technical report and a financial statement covering the period from the end of the last reporting period according to Article 4.1.1 for which a report has been submitted to the Agency to the date on which the termination takes effect. It may also produce a request for interim payment in accordance with Article II.23.2. Only those costs incurred by the beneficiary concerned up to the date when termination of its participation takes effect shall be reimbursed or covered by the grant. Costs relating to current commitments, which were not due for execution until after the termination, shall not be taken into account.

Where the Agency, in accordance with point (c) of Article II.16.3.1, is terminating the Agreement or the participation of a beneficiary on the grounds that a beneficiary has failed to produce the request for payment and, after a reminder, has still not complied with this obligation within the deadline set out in Article II.23.3, the first or second subparagraph shall apply, subject to the following:

- (a) there shall be no additional time period from the date when the termination takes effect for the beneficiary to produce a request for payment in accordance with Article II.23.2; and
- (b) the Agency shall not reimburse or cover any costs incurred by the beneficiary up to the date of termination or up to the end of the period set out in Article 2.2, whichever is the earlier, which are not included in a financial statement approved by it or which are not justified in a technical report approved by it.

In addition to the first, second and third subparagraphs, where the Agreement or the participation of a beneficiary is terminated improperly by the beneficiaries within the meaning of Articles II.16.1 and II.16.2, or where the Agreement or the participation of a beneficiary is terminated by the Agency on the grounds set out in points (c), (f), (h), (i), (j) and (k) of Article II.16.3.1, the Agency may also reduce the grant or recover amounts unduly paid in accordance with Articles II.25.4 and II.26, in proportion to the gravity of the failings in question and after allowing the beneficiaries, acting jointly, or one beneficiary, acting on behalf of all beneficiaries, to submit their observations.

II.16.4.2 Where the Agency, in accordance with point (l) of Article II.16.3.1, is terminating the Agreement on the ground that the action has not started by the set deadline, the following shall apply:

- (a) no beneficiary shall produce a request for payment of the balance; and
- (b) the final amount of the grant shall be EUR 0 (zero euro). The Agency shall recover any amounts unduly paid in accordance with Article II.26.

II.16.4.3 Neither party shall be entitled to claim compensation on account of a termination by the other party.

ARTICLE II.17 – ADMINISTRATIVE AND FINANCIAL PENALTIES

II.17.1 By virtue of Articles 109 and 131(4) of Regulation (EU, Euratom) No 966/2012 of the European Parliament and of the Council of 25 October 2012 on the financial rules applicable to the general budget of the Union and with due regard to the principle of proportionality, a beneficiary which has committed substantial errors, irregularities or fraud, has made false declarations in supplying required information or has failed to supply such information at the moment of the submission of the application or during the implementation of the grant, or has been found in serious breach of its obligations under the Agreement shall be liable to:

- (a) administrative penalties consisting of exclusion from all contracts and grants financed by the Union budget for a maximum of five years from the date on which the infringement is established and confirmed following a contradictory procedure with the beneficiary; and/or
- (b) financial penalties of 2% to 10% of the maximum amount of the grant it is entitled to receive, as set out in Article 3.

In the event of another infringement within five years following the establishment of the first infringement, the period of exclusion under point (a) may be extended to 10 years and the range of the rate referred to in point (b) may be increased to 4% to 20%.

II.17.2 The Agency shall formally notify the beneficiary concerned of any decision to apply such penalties.

The Agency is entitled to publish such decision under the conditions and within the limits specified in Article 109(3) of Regulation (EU, Euratom) No 966/2012.

An action may be brought against such decision before the General Court of the European Union, pursuant to Article 263 of the Treaty on the Functioning of the European Union ("TFEU").

ARTICLE II.18 – APPLICABLE LAW, SETTLEMENT OF DISPUTES AND ENFORCEABLE DECISION

II.18.1 The Agreement is governed by the applicable Union law complemented, where necessary, by the law of Belgium.

II.18.2 Pursuant to Article 272 TFEU, the General Court or, on appeal, the Court of Justice of the European Union, shall have sole jurisdiction to hear any dispute between the Union and any beneficiary concerning the interpretation, application or validity of this Agreement, if such dispute cannot be settled amicably.

II.18.3 By virtue of Article 299 TFEU, for the purposes of recoveries within the meaning of Article II.26 or financial penalties, the Commission may adopt an enforceable decision to impose pecuniary obligations on persons other than States. An action may be brought against such decision before the General Court of the European Union pursuant to Article 263 TFEU.

PART B – FINANCIAL PROVISIONS

ARTICLE II.19 – ELIGIBLE COSTS

II.19.1 Conditions for the eligibility of costs

"Eligible costs" of the action are costs actually incurred by the beneficiary which meet the following criteria:

- (a) they are incurred in the period set out in Article 2.2, with the exception of costs relating to the request for payment of the balance and the corresponding supporting documents referred to in Article II.23.2.

Costs of contracts for goods, works or services or of subcontracts are considered to be incurred when the contract or subcontract (or a part of it) is executed, i.e. when the goods, works or services (including studies) are supplied, delivered or provided;

- (b) they are indicated in the estimated budget of the action set out in Annex III;
- (c) they are incurred in connection with the action as described in Annex I and are necessary for its implementation; in particular, for the costs of contracts for goods, the goods are supplied in a Member State or in any other countries where the action is implemented as described in Annex I; for the costs of contracts for works, the works are delivered in a Member State or in any other countries where the action is implemented as described in Annex I; for the costs of contracts for services (including studies), the services provided concern a Member State or any other countries where the action is implemented as described in Annex I;
- (d) they are identifiable and verifiable, in particular being recorded in the accounting records of the beneficiary and determined according to the applicable accounting standards of the country where the beneficiary is established and with the usual cost accounting practices of the beneficiary;
- (e) they comply with the requirements of applicable tax and social legislation; and
- (f) they are reasonable, justified, and comply with the principle of sound financial management, in particular regarding economy and efficiency.

II.19.2 Eligible direct costs

"Direct costs" of the action are those specific costs which are directly linked to the implementation of the action and can therefore be attributed directly to it. They may not include any indirect costs.

To be eligible, direct costs shall comply with the conditions of eligibility set out in Article II.19.1.

In particular, the following categories of costs are eligible direct costs, provided that they satisfy the conditions of eligibility set out in Article II.19.1 as well as the following

conditions:

- (a) the costs of personnel working under an employment contract with the beneficiary or an equivalent appointing act and assigned to the action, comprising actual salaries plus social security contributions and other statutory costs included in the remuneration, provided that these costs are in line with the beneficiary's usual policy on remuneration; those costs may also include additional remunerations, including payments on the basis of supplementary contracts regardless of the nature of those contracts, provided that they are paid in a consistent manner whenever the same kind of work or expertise is required, independently from the source of funding used;

The costs of natural persons working under a contract with the beneficiary other than an employment contract may be assimilated to such costs of personnel, provided that the following conditions are fulfilled:

- (i) the natural person works under the instructions of the beneficiary and, unless otherwise agreed with the beneficiary, in the premises of the beneficiary;
- (ii) the result of the work belongs to the beneficiary; and
- (iii) the costs are not significantly different from the costs of staff performing similar tasks under an employment contract with the beneficiary;
- (b) costs of travel and related subsistence allowances, provided that these costs are in line with the beneficiary's usual practices on travel;
- (c) the full costs of purchase of equipment and other assets shall be eligible, provided that they are treated as capital expenditure in accordance with the tax and accounting rules applicable to the beneficiary and are recorded in the fixed assets account of its balance sheet and if the asset has been purchased in accordance with Article II.9.1.
- The costs of rental or lease of equipment or other assets are also eligible, provided that these costs do not exceed the depreciation costs of similar equipment or assets and are exclusive of any finance fee;
- (d) costs of consumables and supplies, provided that they are purchased in accordance with the first subparagraph of Article II.9.1 and are directly assigned to the action;
- (e) costs arising directly from requirements imposed by the Agreement (dissemination of information, specific evaluation of the action, audits, translations, reproduction), including the costs of requested financial guarantees, provided that the corresponding services are purchased in accordance with the first subparagraph of Article II.9.1;
- (f) costs entailed by service contracts, including costs of environmental studies on the protection of the environment and on compliance with the relevant Union law, provided that the corresponding services are purchased in accordance with the first subparagraph of Article II.9.1 and costs entailed by subcontracts within the meaning of Article II.10, provided that the conditions laid down in Article II.10.2 are met;

- (g) costs of financial support to third parties within the meaning of Article II.11, provided that the conditions laid down in Article II.11.1 or II.11.2 are met;
- (h) duties, taxes and charges paid by the beneficiary, notably non-deductible value added tax (VAT), provided that they are included in eligible direct costs, and unless specified otherwise in the Agreement.

II.19.3 Indirect costs

"Indirect costs" of the action are those costs which are not specific costs directly linked to the implementation of the action and can therefore not be attributed directly to it. They may not include any costs identifiable or declared as eligible direct costs.

Eligible indirect costs shall be declared on the basis of a flat rate of 7% of the total eligible direct costs minus subcontracting costs within the meaning of Article II.10 and costs of financial support to third parties within the meaning of Article II.11.

II.19.4 Ineligible costs

In addition to any other costs which do not fulfill the conditions set out in Article II.19.1, the following costs shall not be considered eligible:

- (a) return on capital;
- (b) debt and debt service charges;
- (c) provisions for losses or debts;
- (d) interest owed;
- (e) doubtful debts;
- (f) exchange losses;
- (g) costs of transfers from the Agency charged by the bank of a beneficiary;
- (h) costs declared by the beneficiary in the framework of another action receiving a grant financed from the Union budget (including grants awarded by a Member State and financed from the Union budget and grants awarded by other bodies than the Commission for the purpose of implementing the Union budget); in particular, indirect costs shall not be eligible under a grant for an action awarded to a beneficiary which already receives an operating grant financed from the Union budget during the period in question;
- (i) contributions in kind from third parties;
- (j) excessive or reckless expenditure;
- (k) deductible VAT;

(l) costs of land and building acquisition (including expropriation costs).

ARTICLE II.20 – IDENTIFIABILITY AND VERIFIABILITY OF THE AMOUNTS DECLARED

II.20.1 Reimbursement of actual costs

Where, in accordance with Article 3(a)(i), the grant takes the form of the reimbursement of actual costs, the beneficiary must declare as eligible costs the costs it actually incurred for the action.

If requested to do so in the context of the checks or audits described in Article II.27, the beneficiary must be able to provide adequate supporting documents to prove the costs declared, such as contracts, invoices and accounting records. In addition, the beneficiary's usual accounting and internal control procedures must permit direct reconciliation of the amounts declared with the amounts recorded in its accounting statements as well as with the amounts indicated in the supporting documents.

II.20.2 Reimbursement of pre-determined unit costs or pre-determined unit contribution

Where, in accordance with Article 3(a)(ii) or (b), the grant takes the form of the reimbursement of unit costs or of a unit contribution, the beneficiary must declare as eligible costs or as requested contribution the amount obtained by multiplying the amount per unit specified in Article 3(a)(ii) or (b) by the actual number of units used or produced.

If requested to do so in the context of the checks or audits described in Article II.27, the beneficiary must be able to provide adequate supporting documents to prove the number of units declared. However, the beneficiary does not need to identify the actual eligible costs covered or to provide supporting documents, notably accounting statements, to prove the amount declared per unit.

II.20.3 Reimbursement of pre-determined lump sum costs or pre-determined lump sum contribution

Where, in accordance with Article 3(a)(iii) or (c), the grant takes the form of the reimbursement of lump sum costs or of a lump sum contribution, the beneficiary must declare as eligible costs or as requested contribution the global amount specified in Article 3(a)(iii) or (c), subject to the proper implementation of the corresponding tasks or part of the action as described in Annex I.

If requested to do so in the context of the checks or audits described in Article II.27, the beneficiary must be able to provide adequate supporting documents to prove the proper implementation. However, the beneficiary does not need to identify the actual eligible costs covered or to provide supporting documents, notably accounting statements, to prove the amount declared as lump sum.

II.20.4 Reimbursement of pre-determined flat-rate costs or pre-determined flat-rate contribution

Where, in accordance with Article 3(a)(iv) or (d), the grant takes the form of the reimbursement of flat-rate costs or of a flat-rate contribution, the beneficiary must declare as eligible costs or as requested contribution the amount obtained by applying the flat rate specified in Article 3(a)(iv) or (d).

If requested to do so in the context of the checks or audits described in Article II.27, the beneficiary must be able to provide adequate supporting documents to prove the eligible costs or requested contribution to which the flat rate applies. However, the beneficiary does not need to identify the actual eligible costs covered or to provide supporting documents, notably accounting statements, for the flat rate applied.

II.20.5 Reimbursement of costs declared on the basis of the beneficiary's usual cost accounting practices

Where, in accordance with Article 3(a)(v), the grant takes the form of the reimbursement of unit costs declared on the basis of the beneficiary's usual cost accounting practices, the beneficiary must declare as eligible costs the amount obtained by multiplying the amount per unit calculated in accordance with its usual cost accounting practices by the actual number of units used or produced. If requested to do so in the context of the checks or audits described in Article II.27, the beneficiary must be able to provide adequate supporting documents to prove the number of units declared.

Where, in accordance with Article 3(a)(v), the grant takes the form of the reimbursement of lump sum costs declared on the basis of the beneficiary's usual cost accounting practices, the beneficiary must declare as eligible costs the global amount calculated in accordance with its usual cost accounting practices, subject to the proper implementation of the corresponding tasks or part of the action. If requested to do so in the context of the checks or audits described in Article II.27, the beneficiary must be able to provide adequate supporting documents to prove the proper implementation.

Where, in accordance with Article 3(a)(v), the grant takes the form of the reimbursement of flat-rate costs declared on the basis of the beneficiary's usual cost accounting practices, the beneficiary must declare as eligible costs the amount obtained by applying the flat rate calculated in accordance with its usual cost accounting practices. If requested to do so in the context of the checks or audits described in Article II.27, the beneficiary must be able to provide adequate supporting documents to prove the eligible costs to which the flat rate applies.

In all three cases provided for in the first, second and third subparagraphs, the beneficiary does not need to identify the actual eligible costs covered, but it must ensure that the cost accounting practices used for the purpose of declaring eligible costs are in compliance with the following conditions:

- (a) the cost accounting practices used constitute its usual cost accounting practices

and are applied in a consistent manner, based on objective criteria independent from the source of funding;

- (b) the costs declared can be directly reconciled with the amounts recorded in its general accounts; and
- (c) the categories of costs used for the purpose of determining the costs declared are exclusive of any ineligible cost or costs covered by other forms of grant in accordance with Article 3.

ARTICLE II.21 – ELIGIBILITY OF COSTS OF ENTITIES AFFILIATED TO THE BENEFICIARIES AND OF IMPLEMENTING BODIES DESIGNATED BY THE BENEFICIARIES

II.21.1 Where the Special Conditions contain a provision on entities affiliated to the beneficiaries or a provision on implementing bodies, costs incurred by such an entity or body are eligible, provided that they satisfy the same conditions under Articles II.19 and II.20 as apply to the beneficiary, and that the beneficiary to which the entity is affiliated or by which the implementing body is designated ensures that the Agency, the Commission, the European Anti-Fraud Office (OLAF) and the European Court of Auditors may exercise their rights under Article II.27 also towards the entity or body.

II.21.2 The beneficiary to which the entity is affiliated or by which the implementing body is designated shall ensure that the conditions applicable to it under Articles II.3, II.4, II.5, II.7, II.9 and II.10 are also applicable to the entity or body.

II.21.3 The beneficiaries shall retain sole responsibility for carrying out the action and for compliance with the provisions of the Agreement. The beneficiaries shall ensure that any agreement or contract with an affiliated entity or implementing body contains provisions stipulating that the affiliated entity or implementing body has no right vis-à-vis the Agency under the Agreement.

ARTICLE II.22 – BUDGET TRANSFERS

The estimated budget breakdown set out in Annex III may be adjusted by transfers of amounts between budget categories, without this adjustment being considered as an amendment of the Agreement within the meaning of Article II.12, provided that the action is implemented as described in Annex I.

The beneficiary may not however: - adjust amounts which, in accordance with Article 3(a)(iii) or (c), take the form of lump sums; - add costs relating to subcontracts not provided for in Annex I, unless such additional subcontracts are approved in accordance with Article II.10.

ARTICLE II.23 – TECHNICAL AND FINANCIAL REPORTING – REQUESTS FOR PAYMENT AND SUPPORTING DOCUMENTS

II.23.1 Action Status Reports - Requests for further pre-financing payments and

supporting documents

Not applicable.

II.23.2 Interim and final reports - Requests for interim payments or for payment of the balance and supporting documents

The coordinator shall submit a request for an interim payment or for payment of the balance within 60 days following the end of each reporting period for which, in accordance with Article 4.1, an interim payment or the payment of the balance is due.

This request shall be accompanied by the following documents:

- (a) an interim report ("interim technical report") or, for the payment of the balance, a final report on implementation of the action ("final technical report"), drawn up in accordance with Annex V; the interim or final technical report must contain the information needed to justify the eligible costs declared or the contribution requested on the basis of unit costs and lump sums where the grant takes the form of the reimbursement of unit or lump sum costs or of a unit or lump sum contribution in accordance with Article 3(a)(ii), (iii), (b) or (c), as well as information on subcontracting as referred to in Article II.10.2(d);
- (b) an interim financial statement ("interim financial statement") or, for the payment of the balance, a final financial statement ("final financial statement"); the interim or final financial statements must include a consolidated statement as well as a breakdown of the amounts claimed by each beneficiary, its affiliated entities and implementing bodies; they must be drawn up in accordance with the structure of the estimated budget set out in Annex III and with Annex VI and detail the amounts for each of the forms of grant set out in Article 3 for the reporting period concerned;
- (c) only for the payment of the balance, a summary financial statement ("summary financial statement"): this statement must include a consolidated financial statement and a breakdown of the amounts declared or requested by each beneficiary, its affiliated entities and its implementing bodies, aggregating the financial statements already submitted previously and indicating the receipts referred to in Article II.25.3.2 for each beneficiary, its affiliated entities and its implementing bodies; it must be drawn up in accordance with Annex VI;
- (d) only for the payment of the balance and for beneficiaries established in the European Union, the certification by the Member State in which the beneficiary is established that (i) the information provided is full, reliable and true and (ii) the costs declared in the final financial statement are real and eligible in accordance with this Agreement; in exceptional cases, at the request of the beneficiary, the certification may be provided by the Member State in which the action is implemented;
- (e) unless the Special Conditions provide otherwise, for each beneficiary for which the total contribution in the form of reimbursement of actual costs as referred to in Article 3(a)(i) is at least EUR 750 000 and which requests a reimbursement in that form of at least EUR 325 000 (when adding all previous reimbursements in that form for which a

certificate on the financial statements has not been submitted), a certificate on the financial statements and underlying accounts ("certificate on the financial statements"):

This certificate shall be produced by an approved auditor or, in case of public bodies, by a competent and independent public officer and drawn up in accordance with Annex VII. It shall certify that the costs declared in the interim or final financial statement by the beneficiary concerned, its affiliated entities or and its implementing bodies for the categories of costs reimbursed in accordance with Article 3(a)(i) are real, accurately recorded and eligible in accordance with the Agreement. In addition, for the payment of the balance, it shall certify that all the receipts referred to in Article II.25.3.2 have been declared.

The coordinator shall certify that the information provided in the request for interim payment or for payment of the balance is full, reliable and true. It shall also certify that the costs incurred can be considered eligible in accordance with the Agreement and that the request for payment is substantiated by adequate supporting documents that can be produced in the context of the checks or audits described in Article II.27. In addition, for the payment of the balance, it shall certify that all the receipts referred to in Article II.25.3.2 have been declared.

II.23.3 Non-submission of documents

Where a beneficiary has failed to submit a request for interim payment or payment of the balance accompanied by the documents referred to above by the deadline set out in Article II.23.2 and where the beneficiary still fails to submit such a request within 60 days following a written reminder sent by the Agency, the Agency reserves the right to terminate the Agreement in accordance with Article II.16.3.1(c), with the effects described in the third and the fourth subparagraphs of Article II.16.4.1.

II.23.4 Currency for requests for payment and financial statements and conversion into euro

Requests for payment and financial statements shall be drafted in euro.

Beneficiaries with general accounts in a currency other than the euro shall convert costs incurred in another currency into euro at the average of the daily exchange rates published in the C series of *Official Journal of the European Union*, determined over the corresponding reporting period. Where no daily euro exchange rate is published in the *Official Journal of the European Union* for the currency in question, conversion shall be made at the average of the monthly accounting rates established by the Commission and published on its website (http://ec.europa.eu/budget/contracts_grants/info_contracts/infoeuro/infoeuro_en.cfm), determined over the corresponding reporting period.

Beneficiaries with general accounts in euro shall convert costs incurred in another currency into euro according to their usual accounting practices.

ARTICLE II.24 – PAYMENTS AND PAYMENT ARRANGEMENTS

II.24.1 Pre-financing

II.24.1.1 The pre-financing is intended to provide the beneficiaries with a float. It remains the property of the Union until it is cleared against the payment of the balance to the coordinator.

Where payment of pre-financing is conditional on receipt of a financial guarantee, the financial guarantee shall fulfill the following conditions:

- (a) it is provided by an approved bank or an approved financial institution. The guarantee shall be denominated in euros. Where a beneficiary is established in a third country, the Agency may agree that a bank or a financial institution established in that third country may provide the guarantee if it considered that the bank or financial institution offers equivalent security and characteristics as those offered by a bank or financial institution established in a Member State. At the request of the coordinator and acceptance by the Agency, the financial guarantee may be replaced by a joint and several guarantee by a third party;
- (b) the guarantor stands as first-call guarantor and does not require the Agency to have recourse against the principal debtor (i.e. the beneficiary concerned); and
- (c) it provides that it remains in force until the pre-financing is cleared against the payment of the balance by the Agency and, in case the payment of the balance is made in the form of a debit note, three months after the debit note is notified to the coordinator. The Agency shall release the guarantee within the following month.

II.24.1.2 Without prejudice to Article II.24.5, where Article 4.1 provides for a pre-financing payment upon entry into force of the Agreement or following a later date, the Agency shall pay to the coordinator within 30 days following that date or, where required by Article 4.1, following receipt of the financial guarantee.

II.24.2 Interim payments

Interim payments are intended to reimburse or cover the eligible costs incurred for the implementation of the action during the corresponding reporting periods.

Without prejudice to Articles II.24.4 and II.24.5, on receipt of the documents referred to in Article II.23.2, the Agency shall pay to the coordinator the amount due as interim payment within the time limit specified in Article 4.2.

This amount shall be determined following approval of the request for interim payment and of the accompanying documents and in accordance with the fourth subparagraph. Approval of the request for interim payment and of the accompanying documents shall not imply recognition of the regularity or of the authenticity, completeness and correctness of the declarations and information they contain.

The amount due as interim payment shall be determined as follows:

- (a) the following amounts, which depend on the form of the grant, shall be added:
- (i) where, in accordance with Article 3(a), the grant takes the form of the reimbursement of eligible costs, the amount obtained by application of the reimbursement rate specified in that Article to the eligible costs of the action approved by the Agency for the concerned reporting period and the corresponding categories of costs, beneficiaries, affiliated entities and implementing bodies;
 - (ii) where, in accordance with Article 3(b), the grant takes the form of a unit contribution, the amount obtained by multiplying the unit contribution specified in that Article by the actual number of units approved by the Agency for the concerned reporting period and for the corresponding beneficiaries, affiliated entities and implementing bodies;
 - (iii) where, in accordance with Article 3(c), the grant takes the form of a lump sum contribution, the lump sum specified in that Article for the corresponding beneficiaries, affiliated entities and implementing bodies, subject to approval by the Agency of the proper implementation during the concerned reporting period of the corresponding tasks or part of the action in accordance with Annex I;
 - (iv) where, in accordance with Article 3(d), the grant takes the form of a flat-rate contribution, the amount obtained by applying the flat rate referred to in that Article to the eligible costs or to the contribution accepted by the Agency for the concerned reporting period and the corresponding beneficiaries, affiliated entities and implementing bodies.
- (b) the amount obtained in accordance with point (a) shall be limited to the difference between the ceiling for pre-financing and interim payments set out in Article 4.1.3 and the total amount of the pre-financing and interim payments already made.

II.24.3 Payment of the balance

The payment of the balance, which may not be repeated, is intended to reimburse or cover after the end of the period set out in Article 2.2 the remaining part of the eligible costs incurred by the beneficiaries for its implementation. Where the total amount of earlier payments is greater than the final amount of the grant determined in accordance with Article II.25, the payment of the balance may take the form of a recovery as provided for by Article II.26.

Without prejudice to Articles II.24.4 and II.24.5, on receipt of the documents referred to in Article II.23.2, the Agency shall pay the amount due as the balance within the time limit specified in Article 4.2.

This amount shall be determined following approval of the request for payment of the balance and of the accompanying documents and in accordance with the fourth subparagraph. Approval of the request for payment of the balance and of the accompanying documents shall not imply recognition of the regularity or of the authenticity, completeness and correctness of the declarations and information they contain.

The amount due as the balance shall be determined by deducting, from the final amount of the grant determined for each beneficiary in accordance with Article II.25, the total amount of pre-financing and interim payments already made to the beneficiary.

II.24.4 Suspension of the time limit for payment

The Agency may suspend the time limit for payment specified in Article 4.2 at any time by formally notifying the beneficiary concerned that its request for payment cannot be met, either because it does not comply with the provisions of the Agreement, or because the appropriate supporting documents have not been produced, or because there is doubt about the eligibility of the costs declared in the financial statement.

The beneficiary concerned shall be notified as soon as possible of any such suspension, together with the reasons thereof.

Suspension shall take effect on the date when notification is sent by the Agency. The remaining payment period shall start to run again from the date on which the requested information or revised documents are received or the necessary further verification, including on-the-spot checks, is carried out. Where the suspension exceeds two months, the beneficiary concerned may request a decision by the Agency on whether the suspension is to be continued.

Where the time limit for payment has been suspended following the rejection of one of the technical reports or financial statements provided for by Article II.23 and the new report or statement submitted is also rejected, the Agency reserves the right to terminate the Agreement or the participation of the beneficiary concerned in accordance with Article II.16.3.1(c), with the effects described in Article II.16.4.

II.24.5 Suspension of payments

II.24.5.1 The Agency may, at any time during the implementation of the Agreement, suspend the pre-financing payments, interim payments or payment of the balance for all beneficiaries, or suspend the pre-financing payments or interim payments for any one or several beneficiaries:

- (a) if the Agency has evidence that a beneficiary has committed substantial errors, irregularities or fraud in the award procedure or in the implementation of the grant, or if a beneficiary fails to comply with its obligations under the Agreement;
- (b) if the Agency has evidence that a beneficiary has committed systemic or recurrent errors, irregularities, fraud or breach of obligations under other grants funded by the Union or by the European Atomic Energy Community which were awarded to that beneficiary under similar conditions, provided that those errors, irregularities, fraud or breach of obligations have a material impact on this grant;
- (c) if the Agency suspects substantial errors, irregularities, fraud or breach of obligations committed by a beneficiary in the award procedure or in the

implementation of the Agreement and needs to verify whether they have actually occurred; or

- (d) following an evaluation of the progress of the project, in particular in the event of major delays in the implementation of the action;

II.24.5.2 Before suspending payments, the Agency shall formally notify all the beneficiaries of its intention to suspend payments, specifying the reasons thereof and, in the cases referred to in points (a) , (b) and (d) of Article II.24.5.1, the necessary conditions for resuming payments. The beneficiaries shall be invited to make any observations within 30 calendar days from receipt of this notification.

If, after examination of the observations submitted by the beneficiaries, the Agency decides to stop the procedure of payment suspension, the Agency shall formally notify all the beneficiaries thereof.

If no observations have been submitted or if, despite the observations submitted by the beneficiaries, the Agency decides to pursue the procedure of payment suspension, it may suspend payments by formally notifying all the beneficiaries thereof, specifying the reasons for the suspension and, in the cases referred to in points (a), (b) and (d) of Article II.24.5.1, the definitive conditions for resuming payments or, in the case referred to in point (c) of Article II.24.5.1, the indicative date of completion of the necessary verification.

The suspension of payments shall take effect on the date when the notification is sent by the Agency.

In order to resume payments, the beneficiaries shall endeavour to meet the notified conditions as soon as possible and shall inform the Agency of any progress made in this respect.

The Agency shall, as soon as it considers that the conditions for resuming payments have been met or the necessary verification, including on-the-spot checks, has been carried out, formally notify all the beneficiaries thereof.

During the period of suspension of payments and without prejudice to the right to suspend the implementation of the action in accordance with Article II.15.1 or to terminate the Agreement or the participation of a beneficiary in accordance with Article II.16.1 and Article II.16.2, the beneficiary or beneficiaries concerned by the suspension of payments are not entitled to submit any requests for payments.

The corresponding requests for payments and supporting documents may be submitted as soon as possible after resumption of payments or may be included in the first request for payment due following resumption of payments in accordance with the schedule laid down in Article 4.1.

II.24.6 Notification of amounts due

The Agency shall formally notify the amounts due, specifying whether it is a further pre-financing payment, an interim payment or the payment of the balance. In the case of payment of the balance, it shall also specify the final amount of the grant determined in accordance with Article II.25.

II.24.7 Interest on late payment

On expiry of the time limits for payment specified in Articles 4.2 and II.24.1, and without prejudice to Articles II.24.4 and II.24.5, the beneficiaries are entitled to interest on late payment at the rate applied by the European Central Bank for its main refinancing operations in euros ("the reference rate"), plus three and a half points. The reference rate shall be the rate in force on the first day of the month in which the time limit for payment expires, as published in the C series of the *Official Journal of the European Union*.

The first subparagraph shall not apply to beneficiaries that are Member States of the Union, including regional and local government authorities and other public bodies acting in the name and on behalf of the Member State for the purpose of this Agreement.

The suspension of the time limit for payment in accordance with Article II.24.4 or of payment by the Agency in accordance with Article II.24.5 may not be considered as late payment.

Interest on late payment shall cover the period running from the day following the due date for payment, up to and including the date of actual payment as established in Article II.24.9. The interest payable shall not be considered for the purposes of determining the final amount of grant within the meaning of Article II.25.3.

By way of derogation from the first subparagraph, when the calculated interest is lower than or equal to EUR 200, it shall be paid to the beneficiary only upon request submitted within two months of receiving late payment.

II.24.8 Currency for payments

Payments by the Agency shall be made in euro.

II.24.9 Date of payment

Payments by the Agency shall be deemed to be effected on the date when they are debited to the Agency's account.

II.24.10 Costs of payment transfers

Costs of the payment transfers shall be borne in the following way:

- (a) costs of transfer charged by the bank of the Agency shall be borne by the Agency;
- (b) costs of transfer charged by the bank of a beneficiary shall be borne by the beneficiary;
- (c) all costs of repeated transfers caused by one of the parties shall be borne by the party which caused the repetition of the transfer.

II.24.11 Payments to the beneficiaries

The Agency shall make payments to each beneficiary.

ARTICLE II.25 – DETERMINING THE FINAL AMOUNT OF THE GRANT

II.25.1 Calculation of the final amount

Without prejudice to Articles II.25.2, II.25.3 and II.25.4, the final amount of the grant shall be determined for each beneficiary as follows:

- (a) where, in accordance with Article 3(a), the grant to the beneficiary, its affiliated entities or its implementing bodies takes the form of the reimbursement of eligible costs, the amount obtained by application of the reimbursement rate(s) specified in that Article to the eligible costs approved by the Agency for the corresponding categories of costs;
- (b) where, in accordance with Article 3(b), the grant to the beneficiary, its affiliated entities or its implementing bodies takes the form of a unit contribution, the amount obtained by multiplying the unit contribution specified in that Article by the actual number of units approved by the Agency;
- (c) where, in accordance with Article 3(c), the grant to the beneficiary, its affiliated entities or its implementing bodies takes the form of a lump sum contribution, the lump sum specified in that Article, subject to approval by the Agency of the proper implementation of the corresponding tasks or part of the action in accordance with Annex I;
- (d) where, in accordance with Article 3(d), the grant to the beneficiary, its affiliated entities or its implementing bodies takes the form of a flat-rate contribution, the amount obtained by applying the flat rate referred to in that Article to the eligible costs or to the contribution accepted by the Agency.

Where Article 3 provides for a combination of different forms of grant for the beneficiary, its affiliated entities or its implementing bodies, these amounts shall be added.

II.25.2 Maximum amount

The total amount paid by the Agency to a beneficiary may in no circumstances exceed the maximum amount of the grant for that beneficiary specified in Article 3.

Where the amount determined in accordance with Article II.25.1 for a beneficiary exceeds this maximum amount, the final amount of the grant for that beneficiary shall be limited to the maximum amount specified in Article 3.

II.25.3 No-profit rule and taking into account of receipts

II.25.3.1 The grant may not produce a profit for the beneficiaries, unless specified otherwise in the Special Conditions. For each beneficiary, "profit" shall mean a

surplus of its receipts over its eligible costs.

II.25.3.2 The receipts to be taken into account are the receipts established, generated or confirmed on the date on which the request for payment of the balance is drawn up by the beneficiary, which fall within one of the following two categories:

- (a) income generated by its activities under the Agreement; or
- (b) financial contributions specifically assigned by the donors to the financing of its eligible costs reimbursed by the Agency in accordance with Article 3(a)(i).

II.25.3.3 The following shall not be considered as receipts to be taken into account for the purpose of verifying whether the grant produces a profit for the beneficiaries:

- (a) financial contributions referred to in point (b) of Article II.25.3.2, which may be used by the beneficiaries to cover costs other than the eligible costs under the Agreement;
- (b) financial contributions referred to in point (b) of Article II.25.3.2, the unused part of which is not due to the donors at the end of the period set out in Article 2.2.

II.25.3.4 The eligible costs to be taken into account are the eligible costs approved by the Agency for the categories of costs reimbursed in accordance with Article 3(a).

II.25.3.5 Where the final amount of the grant determined in accordance with Articles II.25.1 and II.25.2 would result in a profit for a beneficiary, the profit shall be deducted in proportion to the final rate of reimbursement of its actual eligible costs approved by the Agency for the categories of costs referred to in Article 3(a)(i). This final rate shall be calculated on the basis of the final amount of the grant for the beneficiary in the form referred to in Article 3(a)(i), as determined in accordance with Articles II.25.1 and II.25.2.

II.25.4 Reduction for poor, partial or late implementation, or breach of contractual obligations

If the action is not implemented properly in accordance with Annex I, or if a beneficiary fails to comply with any other obligations under this Agreement, the Agency may reduce the grant amount per beneficiary set out in Article 3 in proportion to the improper implementation of the action or to the seriousness of the breach of obligations.

ARTICLE II.26 – RECOVERY

II.26.1 Recovery at the time of payment of the balance

Where the payment of the balance for a beneficiary takes the form of a recovery, the Agency shall formally notify the beneficiary concerned of its intention to recover the amount unduly

paid:

- (a) specifying the amount due and the reasons for recovery;
- (b) inviting the beneficiary concerned to make any observations within a specified period.

If no observations have been submitted or if, despite the observations submitted by the beneficiary concerned, the Agency decides to pursue the recovery procedure, the Agency may confirm recovery by formally notifying to the beneficiary concerned a debit note ("debit note"), specifying the terms and the date for payment.

If the beneficiary concerned does not repay the Agency by the date specified in the debit note, the Agency or the Commission shall recover the amount due from the beneficiary in accordance with Article II.26.3.

II.26.2 Recovery after payment of the balance

Where an amount is to be recovered in accordance with Articles II.27.6, II.27.7 and II.27.8, the beneficiary concerned by the audit or OLAF findings shall repay the Agency the amount in question.

Before recovery, the Agency shall formally notify the beneficiary concerned of its intention to recover the amount unduly paid:

- (a) specifying the amount due (including any amount unduly paid by the Agency as a contribution towards the costs incurred by its affiliated entities or its implementing bodies) and the reasons for recovery;
- (b) inviting the beneficiary concerned to make any observations within a specified period.

If no observations have been submitted or if, despite the observations submitted by the beneficiary concerned, the Agency decides to pursue the recovery procedure, the Agency may confirm recovery by formally notifying to the beneficiary concerned a debit note ("debit note"), specifying the terms and the date for payment.

If the beneficiary concerned does not repay the Agency by the date specified in the debit note, the Agency or the Commission shall recover the amount due from the beneficiary in accordance with Article II.26.3.

II.26.3 Recovery procedure failing repayment by the date specified in the debit note

If payment has not been made by the date specified in the debit note, the Agency or the Commission shall recover the amount due:

- (a) by offsetting it against any amounts owed to the beneficiary concerned by the Union or the European Atomic Energy Community (Euratom) ("offsetting"); in exceptional circumstances, justified by the necessity to safeguard the financial interests of the Union, the Agency may recover by offsetting before the due date; the beneficiary's prior consent shall not be required; an action may be brought against such offsetting before

the General Court of the European Union pursuant to Article 263 TFEU;

- (b) by drawing on the financial guarantee where provided for in accordance with Article 4.1 (“drawing on the financial guarantee”);
- (c) where provided for in the Special Conditions, by holding the beneficiaries jointly and severally liable;
- (d) by taking legal action in accordance with Article II.18.2 or with the Special Conditions or by adopting an enforceable decision in accordance with Article II.18.3.

II.26.4 Interest on late payment

If payment has not been made by the date set out in the debit note, the amount due shall bear interest at the rate established in Article II.24.7. Interest on late payment shall cover the period running from the day following the due date for payment, up to and including the date when the Agency or the Commission actually receives payment in full of the outstanding amount.

Any partial payment shall first be appropriated against charges and interest on late payment and then against the principal.

II.26.5 Bank charges

Bank charges incurred in connection with the recovery of the sums owed to the Agency shall be borne by the beneficiary concerned except where Directive 2007/64/EC of the European Parliament and of the Council of 13 November 2007 on payment services in the internal market amending Directives 97/7/EC, 2002/65/EC, 2005/60/EC and 2006/48/EC and repealing Directive 97/5/EC applies.

ARTICLE II.27 – CHECKS, AUDITS AND EVALUATION

II.27.1 Technical and financial checks, audits, interim and final evaluations

The Commission or the Agency may carry out technical and financial checks and audits in relation to the use of the grant. It may also check the statutory records of the beneficiaries for the purpose of periodic assessments of lump sum, unit cost or flat-rate amounts.

Information and documents provided in the framework of checks or audits shall be treated on a confidential basis.

In addition, the Commission or the Agency may carry out interim or final evaluation of the impact of the action measured against the objective of the Union programme concerned, in order to assess whether the objectives, including those relating to environmental protection, have been attained.

Checks, audits or evaluations made by the Commission or the Agency may be carried out either directly by its own staff or by any other outside body authorised to do so on its behalf.

Such checks, audits or evaluations may be initiated during the implementation of the Agreement and for a period of five years starting from the date of payment of the balance. This period shall be limited to three years if the maximum amount specified in Article 3 is not more than EUR 60 000.

The check, audit or evaluation procedure shall be deemed to be initiated on the date of receipt of the letter of the Commission or the Agency announcing it.

II.27.2 Duty to keep documents

The beneficiaries shall keep all original documents, especially accounting and tax records, stored on any appropriate medium, including digitalised originals when they are authorised by their respective national law and under the conditions laid down therein, for a period of five years starting from the date of payment of the balance.

This period shall be limited to three years if the maximum amount specified in Article 3 is not more than EUR 60 000.

The periods set out in the first and second subparagraphs shall be longer if there are on-going audits, appeals, litigation or pursuit of claims concerning the grant, including in the case referred to in Article II.27.7. In such cases, the beneficiaries shall keep the documents until such audits, appeals, litigation or pursuit of claims are closed.

II.27.3 Obligation to provide information

The beneficiaries shall provide any information, including information in electronic format, requested by the Commission or the Agency or by any other outside body authorised by it in the framework of a check, audit or evaluation.

In case a beneficiary does not comply with the obligations set out in the first subparagraph, the Commission or the Agency may consider:

- (a) any cost insufficiently substantiated by information provided by the beneficiary as ineligible;
- (b) any unit, lump sum or flat-rate contribution insufficiently substantiated by information provided by the beneficiary as undue.

II.27.4 On-the-spot visits

During an on-the-spot visit, the beneficiaries shall allow Commission or Agency staff and outside personnel authorised by the Commission or the Agency to have access to the sites and premises where the action is or was carried out, and to all the necessary information, including information in electronic format.

They shall ensure that the information is readily available at the moment of the on-the-spot visit and that information requested is handed over in an appropriate form.

In case a beneficiary refuses to provide access to the sites, premises and information in

accordance with the first and second subparagraphs, the Commission or the Agency may consider:

- (a) any cost insufficiently substantiated by information provided by the beneficiary as ineligible;
- (b) any unit, lump sum or flat-rate contribution insufficiently substantiated by information provided by the beneficiary as undue.

II.27.5 Contradictory audit procedure

On the basis of the findings made during the audit, a provisional report (“draft audit report”) shall be drawn up. It shall be sent by the Commission or the Agency or its authorised representative to the beneficiary concerned, which shall have 30 days from the date of receipt to submit observations. The final report (“final audit report”) shall be sent to the beneficiary concerned within 60 days of expiry of the time limit for submission of observations.

II.27.6 Effects of audit findings

On the basis of the final audit findings, the Commission or the Agency may take the measures which it considers necessary, including recovery at the time of payment of the balance or after payment of the balance of all or part of the payments made by it, in accordance with Article II.26.

In the case of final audit findings made after the payment of the balance, the amount to be recovered shall correspond to the difference between the revised final amount of the grant for the beneficiary concerned, determined in accordance with Article II.25, and the total amount paid to the beneficiary concerned under the Agreement for the implementation of its activities.

II.27.7 Correction of systemic or recurrent errors, irregularities, fraud or breach of obligations

II.27.7.1 The Commission or the Agency may take all measures which it considers necessary, including recovery at the time of payment of the balance or after payment of the balance of all or part of the payments made by it under the Agreement, in accordance with Article II.26, where the following conditions are fulfilled:

- (a) the beneficiary is found, on the basis of an audit of other grants awarded to it under similar conditions, to have committed systemic or recurrent errors, irregularities, fraud or breach of obligations that have a material impact on this grant; and
- (b) the final audit report containing the findings of the systemic or recurrent errors, irregularities, fraud or breach of obligations is received by the beneficiary within the period referred to in Article II.27.1.

II.27.7.2 The Commission or the Agency shall determine the amount to be corrected under

the Agreement:

- (a) wherever possible and practicable, on the basis of costs unduly declared as eligible under the Agreement.

For that purpose, the beneficiary concerned shall revise the financial statements submitted under the Agreement taking account of the findings and resubmit them to the Commission or the Agency within 60 days from the date of receipt of the final audit report containing the findings of the systemic or recurrent errors, irregularities, fraud or breach of obligations.

In the case of systemic or recurrent errors, irregularities, fraud or breach of obligations found after the payment of the balance, the amount to be recovered shall correspond to the difference between the revised final amount of the grant for the beneficiary concerned, determined in accordance with Article II.25 on the basis of the revised eligible costs declared by the beneficiary and approved by the Commission or the Agency, and the total amount paid to the beneficiary concerned under the Agreement for the implementation of its activities;

- (b) where it is not possible or practicable to quantify precisely the amount of ineligible costs under the Agreement, by extrapolating the correction rate applied to the eligible costs for the grants for which the systemic or recurrent errors or irregularities have been found.

The Commission or the Agency shall formally notify the extrapolation method to be applied to the beneficiary concerned, which shall have 60 days from the date of receipt of the notification to submit observations and to propose a duly substantiated alternative method.

If the Commission or the Agency accepts the alternative method proposed by the beneficiary, it shall formally notify the beneficiary concerned thereof and determine the revised eligible costs by applying the accepted alternative method.

If no observations have been submitted or if the Commission or the Agency does not accept the observations or the alternative method proposed by the beneficiary, the Commission or the Agency shall formally notify the beneficiary concerned thereof and determine the revised eligible costs by applying the extrapolation method initially notified to the beneficiary.

In the case of systemic or recurrent errors, irregularities, fraud or breach of obligations found after the payment of the balance, the amount to be recovered shall correspond to the difference between the revised final amount of the grant for the beneficiary concerned, determined in accordance with Article II.25 on the basis of the revised eligible costs after extrapolation, and the total amount paid to the beneficiary concerned under the Agreement for the implementation of its activities; or

- (c) where ineligible costs cannot serve as a basis for determining the amount to be corrected, by applying a flat rate correction to the maximum amount of the grant specified in Article 3 or part thereof, having regard to the principle of proportionality.

The Commission or the Agency shall formally notify the flat rate to be applied to the beneficiary concerned, which shall have 60 days from the date of receipt of the notification to submit observations and to propose a duly substantiated alternative flat rate.

If the Commission or the Agency accepts the alternative flat rate proposed by the beneficiary, it shall formally notify the beneficiary concerned thereof and correct the grant amount by applying the accepted alternative flat rate.

If no observations have been submitted or if the Commission or the Agency does not accept the observations or the alternative flat rate proposed by the beneficiary, the Commission or the Agency shall formally notify the beneficiary concerned thereof and correct the grant amount by applying the flat rate initially notified to the beneficiary.

In the case of systemic or recurrent errors, irregularities, fraud or breach of obligations found after the payment of the balance, the amount to be recovered shall correspond to the difference between the revised final amount of the grant for the beneficiary concerned after flat-rate correction and the total amount paid to the beneficiary concerned under the Agreement for the implementation of its activities.

II.27.8 Checks and inspections by OLAF

The European Anti-Fraud Office (OLAF) shall have the same rights as the Commission and the Agency, notably right of access, for the purpose of checks and investigations.

By virtue of Council Regulation (Euratom, EC) No 2185/96¹ of 11 November 1996 concerning on-the-spot checks and inspections carried out by the Commission in order to protect the European Communities' financial interests against fraud and other irregularities and Regulation (EU) No 883/2013² of the European Parliament and the Council of 11 September 2013 concerning investigations conducted by the European Anti-Fraud Office (OLAF), OLAF may also carry out on-the-spot checks and inspections in accordance with the procedures laid down by Union law for the protection of the financial interests of the Union against fraud and other irregularities.

Where appropriate, OLAF findings may lead to recovery by the Agency. They may also lead to criminal prosecution under national law.

II.27.9 Checks and audits by the European Court of Auditors

The European Court of Auditors shall have the same rights as the Agency and the
