Alder Hey Childrens Hospital

On the second day of the Interregional Seminar in Liverpool, the Helium consortium visited the Alder Hey Children's Hospital, the UK's first cognitive hospital. This state of the art hospital is able to take care over 270.000 children annually since its opening in October of 2015. The focus of our visit to the hospital was the innovation branch of the hospital.

Silver Economy projects meet in Brussels

On the 28th of June, a group of five Interreg Europe projects (HoCare, HELIUM, TITTAN, ITHACA and ELISE) came together in Brussels for the first Thematic Workshop in the health innovation field.

This workshop allowed the projects and the regions to showcase how innovation and R&D support policies can contribute to create new jobs and growth, while at the same solving societal challenges.

Upcoming events

In the middle of October, the project consortium will meet in Budapest for the 2nd time since the start of the HELIUM project. There we will dive deeper in the process of Regional Action Planning in order to effectively encourage the policy changes needed to allow for the more effective use of public funds dedicated toward health innovation.

[More information](#) will follow about the event and its content!
